TO WHOMSOEVER IT MAY CONCERN

PC Training Institute Limited (PCTI) has developed an innovative concept of 'Jan Mitr' to resolve the daily-life issues faced by the villagers of our country. The concept has tremendous potential to make the lives in villages much more efficient and convenient for local people. It provides solution in various areas such as health, education, skill development, entrepreneurship development, etc.

Further, it develops a sense of community and social welfare among the local community and channelizes the energy of the youth towards something productive for themselves as well as for the society.

PCTI has its presence in Gyalshing district of Sikkim and is making tremendous contribution in identifying the local needs and in providing solutions to them in a steadfast manner.

I wholeheartedly congratulate PCTI for developing such an innovative concept and for its contribution towards social welfare. I wish them all the luck and success in their future endeavours.
